

LOOM WORK

American sweetheart bracelet

Use a palette of red, white, and blue to make this patriotic bracelet. You can change the pattern by switching to a red background with blue inverted hearts. If you work this pattern on a loom, here's one way to finish: After you cut the band off the loom, string bugle beads on groups of two or three warp threads at each end. String a crimp bead, a 6mm bead, and a clasp half over all 11 threads, and go back through the 6mms and crimp beads. Crimp the crimp beads, and trim the threads.
